Re: Rate Change for Commercial Acceptable Waste & Mandatory Recyclable Collection

Dear Customer:

At their meeting on June 4, 2013, the Groton Town Council, acting as the Groton Resource Recovery Authority (GRRRA), approved a new reduced rate chart for the Commercial Acceptable Waste & Mandatory Recyclable Collection Program in the Town of Groton. The revised rate schedule becomes effective on **September 1, 2013**. Keep in mind that the Town bills in the arrears; therefore, rate changes will be reflected on the bill you receive in October for November services.

Our program represents a form of "Pay As You Throw", providing an incentive for businesses to manage their waste. Please review your service levels. If your dumpster is not full at the time of collection, for instance, downward adjustments to either container size or frequency of collection may save your company money.

Any changes to your service can be made on-line. Visit our website at www.groton-ct.gov, select *Quick Links*, then *Commercial Solid Waste*, and complete a *Customer Service Request Form*. You may also contact us by telephone at (860) 448-4083.

If you have any questions concerning your bill, please contact the Town's Tax Division at (860) 441-6670.

Very truly yours,

Gary J. Schneider
Director of Public Works
